

JANUARY MEETING OF TOFIELD TOWN COUNCIL HELD ON THE 7th

Minutes of the regular meeting of the Municipal Council of the Town of Turfville held on Monday, January 7th, 1952 at 8 p.m.

All members present.

Minutes of the last meeting read and approved.

Messrs. N. A. Lawrence and J. A. L. Lawrence, Messrs. A. C. McDaniel, Engineering Division led workmen and discussed the proposed water project for a considerable length of time.

1951 being designated as "Turkey Year" they conveyed the right for the permission of the Board to be *inter alia* before any expenditure may be made for the purchase of turkeys. The amount to be paid for the turkeys was estimated to be about \$100.00. The Board then and there to the two buildings presently occupied as Post Office and Town Office.

Resolved: That the Public Utility Commissioners with regard to resumption of deliveries in advance of necessity.

Rural Power For The Totfield District

Is On The Way

Rural Power means a great deal to any community. In this case Tofoed is the community which concerns us. For that reason we are devoting our usual advertising space to briefly put down a few facts about electricity and wiring.

Being established in the district we can meet and better the prices on wiring quoted by outside contractors. Moreover being on the spot we are available any day of the week and will stand behind our work unconditionally. Also, we endeavor to stock in our retail store a complete range of fully approved

Cost is always an important factor, and while we do not favor the "Down to a price" attitude in the supply reliable first estimates if desired. Power is something that every user should be measured in terms of satisfaction over a period of years. The small added cost of adequately wiring a home is repaid over and over again.

By adopting wiring we mean circuits which will carry immediate and future loads efficiently and safely. Location and number of outlets, switches, fuses, etc. is important in our recommendations in this regard are based on plans and know-how of the electrical industry plus our own experience.

A farmer may wire his own buildings. The only requirements are that he obtain a permit under the Province of Alberta Electrical Protection Act, and that his work pass inspection according to the code covering Residential and Farm Wiring Installations.

We are prepared to assist anyone all the way from friendly advice to doing the complete job.

When we are awarded a job we welcome all the possible whether from the owner himself or his assistance neighbors. Anything that speeds the work lowers the cost.

One

Our work is done **special** most are at your service in writing those who want to give plans. We take a good deal of pride in our work, and we are sure that we will give you the best service down to a minimum. Our work in older homes continues very favorably with wiring which is done during the course of construction.

Only quality materials which are approved by the Alberta Electrical Protection Act are used.

We employ a portable 110 volt power plant to speed up the work. This hot current is used in drills and cutters but provides adequate light in basements and attics. It also enables us to test each circuit upon completion.

Writing can well be done in the winter months as, generally more help is available. However road conditions become a factor especially towards spring.

If requested, we will keep a plan of your wiring and if future requirements call for changes or additions we can readily advise.

We are earnestly endeavoring to build up your business in Telford upon a foundation of good service at reasonable rates. We fully realize that only your complete satisfaction will enable us to continue to do so.

Our January, February and March wiring schedules are now

being arranged, we can be of service to you in any way
please drop in and we'll talk over your requirements.

Representing

ENSIGN PROPANE CARBURETORS

Mr. Sims will be in our store Saturday, March 8th and will explain in detail the hundreds of uses of Propane in the successful operation of a modern farm. He'll cover everything from cooking to plowing with propane. Mr. Sims recently supervised the installation of the city of Edmonton Gas Buses to Propane and has worked extensively on the conversion of all drilling equipment to Propane. It is now estimated that 75% of the drilling rigs in Alberta use Propane exclusively.

Conversion Units For . . .

FIGHTING PLANTS . . . FARM ENGINES
 INDUSTRIAL ENGINES . . . PUMP ENGINES

He Will Also Explain Use Of Propane For
Cooking, Hot Water Heating, Chick Brooders, Blow Tors,
Tobacco Refrigerators, Radiants, Home Lighting, Home
Heating, Stock Tank Heaters, Garage Heaters, etc.

Hear An Expert . . .
Have all your questions concerning Propane answered by
an expert. He'll also have several pairs of Propane
Equipment on display and will explain their various uses.

Safe Wiring Strongly Urged By Electrical Inspections Branch

The Electrical Inspection Branch of the Department of Industrial Affairs has issued a pamphlet which will be distributed to all electrical contractors in the province.

The pamphlet, titled "Safe Wiring," contains a list of instructions for electrical contractors to follow when wiring a building. It also contains a list of instructions for homeowners to follow when having a building wired.

The pamphlet is available for free from the Department of Industrial Affairs.

For a copy, write to the Department of Industrial Affairs, 1000-10th Avenue, Edmonton, Alberta.

UNEMPLOYMENT INSURANCE BOOKS MUST BE RENEWED

EMPLOYERS—Please send all unemployment insurance books for 1961-62 and previous years immediately to the National Employment Office with which you deal, unless renewal arrangements have already been made. They must be exchanged for new books.

Before sending in your 1961-62 insurance book, make note of the date to which wages are added, so as to avoid duplication in the new book.

Renewal of books is important to you, to your employees and to the Commission. *Thine As Truly,*

TO THE INSURED WORKER—If you are an insured book in your possession? If, please take it to the nearest National Employment Office for renewal immediately. If you send your book, make your present address that your new book may be sent to the proper place.

McKenzie and Lakeshore

Mr. and Mrs. McKenzie and family moved to their new home at Lakeshore. The Commission's role in the development of the electric power system in Alberta is a story of the struggle to bring electricity to the farms. The Commission's role in the development of the electric power system in Alberta is a story of the struggle to bring electricity to the farms.

Joe Rutledge Says

LABOUR GAINS
More emphasis has been placed on the importance of the labour movement in the development of the electric power system in Alberta. The Commission's role in the development of the electric power system in Alberta is a story of the struggle to bring electricity to the farms. The Commission's role in the development of the electric power system in Alberta is a story of the struggle to bring electricity to the farms.

- New Condition

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager: "I made a goal of \$1,000 for this year. It is two years since I opened the account with two dollars. I can thank you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need; they maintain 7 1/2 million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank staffs have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

Matching the Job with Achievement

Throughout Northwestern's twenty-nine years of service it has been called upon to meet the requirements of an ever increasing number of people and a steadily expanding use of Natural Gas. It has endeavored to meet all such demands and progressively keep pace with the growth of the communities served.

TO THE MAN ON THE LAND

A Personal Message

This is a request for greater support for Alberta Pool Elevators. This is the time to deliver your grain harvest.

The Alberta Wheat Pool is an Alberta farmer's co-operative organization. It happens that I am chairman of the board of directors. I am a working farmer like yourself. Having been chosen to lead the organization, I am doing my best to make it a success.

Every bushel of grain delivered to an Alberta Pool Elevator makes an important contribution to the farm co-operative movement.

The farm co-operative movement is the greatest and most effective effort in self-help.

If you are not a patron of Alberta Pool Elevators, I ask you to be one. It is all possible. Deliver your grain to a Pool elevator. Let us make this Alberta grain co-operative an outstanding success. A success to the enterprise, solidarity and co-operative spirit of Alberta Farmers.

BEN S. PEIMMER,
Chairman, Board of Directors,
ALBERTA WHEAT POOL

The Good Earth Farm Women's Week At Schools Of Agriculture

It is a privilege to have the women of the Tofield community and their children at the schools of agriculture for the week of June 18 to 24. The schools are open to all women and children, and the program is designed to give them a better understanding of the work of the farmer. The schools are held at the Tofield Agricultural Centre, and the program includes lectures, demonstrations, and field trips. The women are invited to bring their children with them, and the schools are free of charge. The program is a valuable opportunity for the women to learn more about the work of the farmer, and for the children to see where their food comes from. The schools are held at the Tofield Agricultural Centre, and the program includes lectures, demonstrations, and field trips. The women are invited to bring their children with them, and the schools are free of charge. The program is a valuable opportunity for the women to learn more about the work of the farmer, and for the children to see where their food comes from.

Influx Of Dutch Recalls History Of Western Post

The influx of Dutch immigrants to the western post is a phenomenon that has shaped the history of the region. The Dutch were among the first settlers in the area, and their presence has left a lasting legacy. The Dutch brought with them a rich cultural heritage, and their influence can be seen in many aspects of the region's history. The Dutch were skilled farmers and traders, and they played a key role in the development of the western post. Their presence also brought with it a sense of community and shared values that have shaped the region's identity. The Dutch legacy is a testament to the resilience and hard work of the settlers, and it continues to inspire the people of the region today.

You Share In Surpluses

You, the Policyholder, are the Alberta Insurance Board's only Shareholders. In a Mutual Farmer's Insurance plan, the Board's profit is to distribute year-surpluses to Policyholders as dividends. In 3 out of the past 4 years there has been a distribution of the surplus in excess than 30,000 Policyholders receive cheques totalling more than \$50,000. Also you are guaranteed a cash refund of at least 50% of your premium paid in cash and you make no claim. **DON'T GAMBLE - INSURE!**

THURSDAY, OCTOBER 2, 1993

Mr. Mrs. Robert Tipper

Wed in Cerimony

Mr. Raymond Leung, Chinese was today, was observed at his wedding ceremony at the Chinese temple for the marriage of Miss Margaret Leung, daughter of Mr. Raymond Leung, and Mr. Robert William Douglas. The ceremony was performed by Rev. J. C. Clark, president of the wedding union was played by Miss Margaret Leung.

Given in marriage by her father, the bride was escorted to the altar by her brother, Mr. Raymond Leung, in white shirt and tie. Her carriage was of the Chinese type and was driven by Mr. Raymond Leung. The bride was accompanied by her sister, Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white.

Mr. Harold Topper, brother of the bride, was the best man. He was also in white shirt and tie. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white.

created by his sister Lee, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white. The bride's maid was Miss Margaret Leung, who was also in white.

Leaving for a honeymoon to the Hawaiian Islands, the bride and groom were accompanied by a large English wedding band with Miss Leung. Upon their return home, the bride will make her home in Honolulu.

Home and School Meeting Held

September 17

The Home and School association held at the May meeting a very successful meeting. A large number of pupils were present, and the meeting was very enjoyable. The meeting was held at the school, and the pupils were very interested in the meeting. The meeting was held at the school, and the pupils were very interested in the meeting.

The rooms were decorated with gladioli, dahlias and asters. To re-

The table was laid with an extra place for the bride, and the bride-

lace cloth covers with a decorated wedding cake set in white tulle and flanked by tall pink liners and a vase of pink and

NOTICE OF
**ANNUAL
MEETING**

December 3, 1952

Forms G and H, to be used in making and accepting nominations, may be obtained from the Secretary of your Section, District, or from the undersigned.

F BMAILING Secretary-Treasurer
Holden School Division No 17, Holden, A. T.

Bank of Montreal Reports Successful Fiscal Year

Reflecting the swift pace of Canada's industrial growth, the Bank of Montreal's 1953 annual statement has just been published. The report reveals a record year for the bank, with total revenues of \$11,117,000, the highest level in the 30 years of its history. This growth is reflected in the bank's assets, which have increased by \$1,000,000, and its liabilities, which have increased by \$1,000,000. The bank's management has been successful in maintaining a strong financial position, and its assets are well diversified. The bank's management has been successful in maintaining a strong financial position, and its assets are well diversified.

Starring Dean Jagger and Betty Lewis. Family Entertainment.

My Bank Reports to you for 1952

It's a good report, especially because it reflects the many of thousands of Canadians who have been successful in the past year. And it's a report you can be proud of, for it shows the money you have at hand at the end of 1952. Throughout the year, your Bank has been successful in helping you to grow your money. It has helped you to grow your money, and it has helped you to grow your money.

Are You familiar with City Traffic Laws?

A helpful hint on city driving. Watch on left turns. When left turns are permitted at intersection, the vehicle should approach from opposite direction and complete the turn only when safe to do so.

Be Careful

the life you save may be your own.

AgriCulture Service Board Regular Meeting

The regular meeting of the Agriculture Service Board of the Government of Canada was held on November 22, 1953, in the central chamber of the Parliament Buildings, Ottawa. The meeting was presided over by the Minister of Agriculture, Mr. J. G. Bennett.

Maple Leaf Petroleum

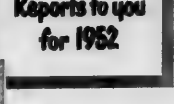

High quality gas, low price. U.S. A. Farm Supplies. For all your fuel needs, contact L. Hunter. Phone 180. U.S. A. Dealer. Maple Leaf Petroleum.

Rheumatic Pain

Can you live with the pain? Rheumatic pain is a common condition that can be treated with the help of a doctor. It is a condition that can be treated with the help of a doctor. It is a condition that can be treated with the help of a doctor.

3-way smoother ride

steadier... more level... softer

drive the all-new '53 DODGE

When you drive a 1953 Dodge, you have the promise of the smoothest, safest, most stable ride you have ever experienced in a car in the lower-price field. It's a smoother ride because of a wider stance, a lower center of gravity, and the new positioning of the wider rear springs.

new performance

You'll find the new performance of the 1953 Dodge in its smooth, steady ride. It's a smoother ride because of a wider stance, a lower center of gravity, and the new positioning of the wider rear springs.

traditional dependability

Don't let the new performance of the 1953 Dodge lead you to believe that it's a new car. It's a car that's been around for years, and it's a car that's been around for years. It's a car that's been around for years, and it's a car that's been around for years.

UNCLASSIFIED JUDGEMENT
A total of \$108,349 has been paid out by the Unclassified Judgment Fund from April 1 to May 30, 1968, covering hospital and medical costs, as well as legal and other expenses. This leaves a surplus of \$87,569 over the fees collected from motorists for the same period.

The expenditures cover \$178 for judgments and costs, \$139,375 for hospital and medical expenses, and \$118,435 for attorneys.

Collections of \$1 for each motor vehicle for the same period totalled \$247,910.

Problems of A Weekly Editor

Getting out any newspaper or magazine is NO picnic.

If we print jokes people may say we are too silly;

If we don't print jokes, they say we are too serious!

If we are sick some to the office all day.

We ought to be out hunting up news and material!

If we go out and try to hustle, we may be on the way to the office!

If we don't print controversial, we don't appreciate readers;

And if we do print them, the old paper is filled up with junk!

If we edit the other way, it's

**Camrose School Div.
Board Meeting Held
December 9'**

A meeting of the Board of the Camrose School division No 28 was held in the divisional office in Camrose on Tuesday, December 9, with all members of the Board, the secretary and the superintendent present.

The minutes of the annual meetings of the various sub-divisional meetings were dealt with. Attendance was small in all but Sub-Division No 2 at Hume. Board members George (Troy) and Elmer Schmidt were returned to the Board.

One resolution from the meeting at Hume asked that another teacher be added to the Huxley staff. The Board approved of this.

The Board inspected the fifteen school buildings, finding some matters which need correction.

WEEKLY SCHEDULE
Agents I would like to remind my readers that my schedule for the week is as follows: On Mondays and Wednesdays I am at my office at Blyer, Penn., and on Tuesday, Wednesday, Thursday and Friday I will be in the Holden District and every Friday (in the Town District). When in Vilzing I can be contacted at the Treasury Branch office, at Holden; at the Holden Herald office and at Telford at the same office.

**Westinghouse
CLOTHES DRYER**

Every day's a perfect drying day when you dry the wrinkle-free Westinghouse way. End your washday wringer worries, and the drudgery of lifting heavy wet clothes with a Westinghouse Clothes Dryer. Come in today and see it in operation.

SO EASY

The Legends of Christmas

There are almost as many Christmas legends and superstitions as there are Christmas stories. Russian Christmas (from the word "Christ") is celebrated through the centuries late in the year, and the celebration has been passed down from generation to generation, resulting in many customs.

The Indians of Canada, for example, believe that deer (not reindeer) brought the first Christmas message to the Indians. The reindeer is probably responsible for the fact that the Indians of the North and the Indians here who were attempted to reach the deer in the car.

In contrast, it is believed that the home owners considered the nativity by depicting in their living at midnight. The home owners always adorned with holly sprigs for the Yuletide season.

In Europe, the Christmas

For a young girl to creep to the family fireplace on Christmas Eve and pull out a stocking filled with coal has been insured if the girl was a straight one or not by home tradition said that she would have a good husband

The Meaning of Christmas

Christmas is a time when we pause to think of the birth of Jesus Christ, the Son of God, who came to earth to save us from sin. It is a time when we remember the love and sacrifice of God for us, and when we try to live more like Him.

Christmas is a time when we are reminded of the love and sacrifice of God for us, and when we try to live more like Him. It is a time when we remember the love and sacrifice of God for us, and when we try to live more like Him.

Best Wishes

The Good Earth Balanced Feeding

By N. A. Church, D. A. A. Country to most people appears that balanced feeding of farm livestock is expensive. We would like to prove a case for balanced feeding as more economical than otherwise. It should be understood that balanced feeding means providing the animal with the right kind and amount of food to secure proper growth, development and health.

ally require vitamins and mineral supplements, amount depending on the type of farm animal. Experiments have shown that a balanced diet is the most economical way to raise a healthy animal.

MINISTIR NEWS

It is reported that the Minister of Agriculture, Mr. J. G. McCreary, will be visiting the province of Alberta on March 13 and 14. He is expected to arrive in Edmonton on the morning of the 13th and to leave for Calgary on the evening of the 14th. During his visit, he is expected to hold a number of public meetings and to inspect various agricultural projects.

Wedding Dance Held For Local Newlyweds

A wedding dance was held at the Ryley Community Club on March 11. The newlyweds were Mr. and Mrs. J. G. McCreary. The dance was attended by many friends and family members. The newlyweds were very happy and enjoyed the dance very much.

QUESTIONS

ANSWERS

Four Million Dollar Capital Program Planned By Gas Company In 1953

The Alberta Gas Company has announced a four million dollar capital program for 1953. The program includes the construction of new gas lines, the replacement of old lines, and the installation of new gas meters. The company also plans to invest in the development of new gas fields.

Introducing DRIVERIZED DESIGN in the COMPLETELY NEW

Now... new! All-new every way for '53, the completely Ford Trucks of all time... introducing, for the first time, a great new line in truck engineering... DRIVERIZED DESIGN. Now, at last, here are trucks specifically designed and built to increase driver efficiency... to get jobs done faster! With this entirely new principle of design and all-time-saving features, Ford Trucks take the lead again in providing new hauling economy!

Developed Design has developed the greatest advance in truck design... DRIVERIZED DESIGN combines shifter, wheel, wider front end and new brakes for greater maneuverability, smoother turning radius and better control. With DRIVERIZED DESIGN, Ford Trucks offer the greatest choice of Synchro-shifter transmissions in any line!

For 1953, Ford Economy Trucks present a greatly expanded line... 8 new Series... 17 wheelbases... with ratings that range from 10,000 lbs. to 40,000 lbs. GVW. With over 100 models and a choice of four great V-8 engines, there's a Ford Economy Truck that's right for your job... to save time... to cost less longer. See your Ford Truck Dealer!

SOCIAL CREDIT GOVERNMENT DEFEATED IN B.C.

Premier Bennett and his minority Social Credit Government in B.C. got their wish Tuesday night when they were defeated in the legislature 29-17 in the second reading of a bill designed to set up a new system of education.

For some time now Premier Bennett has been forecasting an election and has been stating that in the event of such an election the Social Credit party would win more seats.

With this in mind the party has repeatedly lashed the opposition to defeat the administration and thus force the election which Premier Bennett wants so badly.

It was just a matter of time until the opposition must refuse to vote for them or change their whole platform. ...

Lieut.-Governor Clarence Wallace can now do one of two things. Ask the C.C.P. to try and form a government or call a general election. ...

The death of Queen Mary will be felt as a personal sorrow by all free peoples the world over. As a reigning Queen, as mother of two kings, and as the grandmother of our present king, her influence on monarchy has been felt for over forty years.

Few members of any royal family at any time in history can have looked more fitted to a throne than Britain's Queen Mary.

In her bearing - that stately, erect carriage-in her manner, and in her outlook she was the very symbol and personification of royalty.

The British people loved her for it - and for the warmth and compassion which they sensed lay behind that stern, uncompromising exterior.

Although her long life brought Queen Mary more than her share of sorrows her spirit remained undaunted. She remained to the end of her life extraordinarily alert and active, with an amazing variety of interests, and busy in every manner of good works. In every public crisis through which Britain passed in her time she was always found at the service.

With deepest sorrow we join the empire in mourning the passing of Queen Mary.

WHAT'S YOURS?

INCOME TAX 9 QUESTIONS

ABOLISH INCOME TAX

The disagreeable task of filling out income tax returns may shortly be taken off shoulders of United States taxpayers. Internal Revenue Bureau officials assure that if the scheme presently mooted is approved, only indication the taxpayer will have of the amount of his income is posted at the source or tax purposes will be a polite "thank-you" from Washington.

Purpose of this invidious scheme is, clearly, to keep the taxpayer as much in the dark as possible regarding the high cost of government. Citizens forcibly deprived of a large part of their savings without ever seeing the money and without even having to go to the trouble of calculating what they have paid in taxes, will be in blind ignorance of the number of days or weeks, or months out of the year for which they have been working to support the State.

In some ways such a move under the federal system would be better off. They at least were aware of the number of days in the year during which they were required to work for their liege lord and master.

THE DOWAGER QUEEN

Dowager Queen Mary is dead. The beloved Grandmother of our Sovereign, whose nobility of character, tranquillity of heart, and greatness of spirit won for her the love and affection of all her people, died peacefully in her sleep Tuesday night at the age of 80 years.

The death of Queen Mary will be felt as a personal sorrow by all free peoples the world over. As a reigning Queen, as mother of two kings, and as the grandmother of our present king, her influence on monarchy has been felt for over forty years.

Few members of any royal family at any time in history can have looked more fitted to a throne than Britain's Queen Mary.

In her bearing - that stately, erect carriage-in her manner, and in her outlook she was the very symbol and personification of royalty.

The British people loved her for it - and for the warmth and compassion which they sensed lay behind that stern, uncompromising exterior.

Although her long life brought Queen Mary more than her share of sorrows her spirit remained undaunted. She remained to the end of her life extraordinarily alert and active, with an amazing variety of interests, and busy in every manner of good works. In every public crisis through which Britain passed in her time she was always found at the service.

With deepest sorrow we join the empire in mourning the passing of Queen Mary.

Community League T Spearhead Clean-up

The monthly meeting of the monthly Hall was held as fast as possible. The Telford Community League was held on Tuesday, April 7th in the Community Hall. The main item of business was the start of a *Gladiator and* *Flamed Lights for the*

Paint-up Campaign for the Town of Tofield. It was felt that with the coronation coming on June 2nd it would be a good time to clean-up the street lots and rubbish which Tofield is full of.

A committee of Jack James, Bill
Frisson and J. E. Simmons was
authorized to take charge of the
campaign. Clean-up week was
set for the first week in May
with May 6th as the big day.

The Building Committee reported that work on the finishing and painting of the Com-

NEW LEGISLATION

After a new legislation recently passed by the government the old, worn out division system was eliminated.

What this really means is instead of one councillor taking care of his own division and not caring what happens in the other divisions he will now work as a committee with the rest of the council to cover the whole municipality. This refers mainly to the construction and repair of roads. Naturally the local councillor will be in charge of carrying out the instructions of the council as a whole.

This legislation has been welcomed by the councillors of the M. D. of Beaver as they now feel that it is possible to lay out a long term planning system for good roads throughout the entire municipality.

If you ask your local councillor for a road, under this new set up the best he can do is take it up with the council which recommends him. The council intends to meet and view the roads needed in the M. D. and then decide what roads will be fixed this year with the money available. Under this setup they plan to build the most needed roads first and improve as money is available the roads in the entire M. D.

If you don't get a desired road this year don't blame your local man. He is doing his best.

MEMORIAL TO A MAN

A man shall be remembered by his deeds and attitudes towards his fellow men. And so Charles J. Parker will be. Mr. Parker was Pool grain buyer in Swift Current from 1946 to 1950 then moved to Tofield, Alta. in a similar position. Recently he passed away in the Alberta town. While here he was highly regarded in the district that a group have raised some money and sent it along to Swift Current with the request that it should be spent in some sort of useful memorial to him.

One night recently a small group of his friends in Swift Current met at the home of Mr. G. Laycock and then Canada and U. K.

decided to double the gift from the Tofield friends and purchase a handsome mantle room for one of the men who in the Union Hospital there.

On the radio will be the following inscription, "In memory of Charlie Parker, Pool Grain Buyer, Swift Current and Tofield, Alberta. The gift of a few personal friends in both places to recall a unique personality. Charlie was a man of integrity, modesty and a progressive mind. Above all he did much more than his duty in little kindnesses to friend and stranger alike."

It was Mrs. Parker and Barry Current where his oldest and dearest friends were.

SHREWD BARGAINERS
 U. K. Refusal to sign the new International Wheat Agreement is rightly attributed by Trade Minister Howe to the fact that British are shrewd and hard bargainers. Significant fact about British attitude is that U. K. negotiators balked not about \$1.65 floor price, but rather objected to proposed \$2.05 maximum.

British demand that maximum price per bushel under new agreement not exceed \$2.05 suggests U. K. believes long-term price trend for wheat, world markets is likely to be upward, rather than downward. No objection, it should be noted, was made by British delegates to Wheat Conference to raising minimum prices under agreement from \$1.20 to \$1.65.

Bargaining position of U. K. as one of the world's major wheat importing countries, is strengthened in sense by fear of exporting countries that Russia may again become important exporter of wheat.

Since quota which would otherwise be assigned to U. K. under new International Wheat Agreement be allocated among 42 other wheat-importing countries Canadian wheat-raisers will be no worse off with U. K.

Work considering at this stage is resumption of private trading in wheat without government intermediaries, between Canada and U. K.

THE GOOD EARTH

Registered and Certified Seed Crops

(By M. A. CHOWIE, D.R.) Now is the time to select a seed crop of wheat, barley, and oats for the coming year. The farmer who registers or certifies his seed crops will have a better chance of obtaining a better price for his grain. The Government of Canada has established a system of seed registration and certification. This system is designed to ensure that the seed crops are of high quality and are free from disease and insect infestation. The farmer who registers or certifies his seed crops will have a better chance of obtaining a better price for his grain. The Government of Canada has established a system of seed registration and certification. This system is designed to ensure that the seed crops are of high quality and are free from disease and insect infestation. The farmer who registers or certifies his seed crops will have a better chance of obtaining a better price for his grain.

A COUNTRY WEEKLY PAPER CIRCULATING IN WESTERN PORTION OF THE BEAVER MOUNTAIN DISTRICT

[illegible]

Mr. Williams called on Council regarding land they had taken for road. Council agreed to pay him \$1000 for land in question. Mr. Williams called on Council to see if anything could be done for the road in front of his place. Council promised to go at noon and have a look at the road. A delegation from the

On Monday

The Telford Howell Club has a luncheon meeting on Monday, May 14th with twelve guests being present.

One of the thanks was given to Doug Peterson for his able managing last year.

Division of officers took place and the following were elected: President, Doug Peterson; Vice President, returned as president, the club with David Takahashi.

Johnny Monahan for assistant manager with Ender Guss for assistant. Claude May for secretary and Doug Peterson with Cliff Peterson as his assistant.

President of the U. M. W. Mine Workers of America, who is making a speech on the EE 17-17 radio was asked.

A letter from the University of Wisconsin was forwarded to the University Health Officer that the Telson Clinic.

A letter from the Department of Municipal Affairs re amendments in various acts was received.

It was moved that copies of the amendments of the Municipalities be ordered for each Council.

Council adjourned for dinner at 11 noon.

At the next session the entire Council went out and looked over the

by Mr. Williams. It was this time on the road playing for a year. He was up and on Mr. Williams can get out as one director, that he had done the year. He had done the year. A letter from the Musical Director of Music regarding the formation of a section be recorded and filed.

Mr. Moon was granted permission to have the road run in the city and the rest of the country. The rest of the city to be taken off another road project in his district.

Mr. Schmidt moved that a stockholder be hired for the theatre building outfit. The secretary of the theatre building outfit be hired for the theatre building outfit.

It was moved that Carl be given permission to get the necessary repairs for the motor grader with a cracked block. A letter of invitation from Judge Buchanan of the district court on the request of votes in Division 7 which defeated Councilor Brown elected by one vote was received and filed.

A letter was received from J. C. Blumson advising that the bond for L. W. Latonaire was not for renewal. It was stated that the bond be renewed until he was ready to perform.

A circular letter from Albert J. H. Johnson, president of the association of Municipal Dis-

Wearing a Century Gun Costume

A letter from the Director of Town and Rural planning requesting transfer of part of SW 1-47 13 W4 to the Town of Milking. Council had no objection to the transfer.

Letter of appreciation from the Camrose School Division thanking the council for their cooperation with regards to the snowplowing of roads last year during the June 2 convention, the committee will perform their magical ride at the royal tournament and participate in a three-day show at Edinburgh after the convention.

GOOD EARTH Forage Crops in Rotation

Most every farmer now has a very good idea of the value of forage crops in rotation with grain crops. The value of forage crops is not only in the hay or silage produced, but also in the extra income derived from the sale of the forage crops. The value of forage crops is not only in the hay or silage produced, but also in the extra income derived from the sale of the forage crops.

EDITORIAL PARADE

ENFORCE THOSE BY-LAWS!

Our local town council although doing good work as a whole, has fallen in the way of some strong criticism and some of it is rightly so.

Three weeks ago at the regular meeting of the council, a by-law was passed prohibiting the parking of trucks on Main Street, and that seems to be as far as it has gone. Now, three weeks later, there are as many trucks, if not more, as there was before. This being the result, the council might as well stay at home. The good intentions the council had that night have been of no avail, for what good is the by-law if it is not enforced?

We invite people to come to our businesses, but we expect them to come or return, if we have our streets cluttered with big trucks that parking space is at a premium? Council made a nice start, now let's see them follow through.

FEDERAL ELECTION AUG. 19th

A federal general election has been called for Monday, August 19th, the first August date since Confederation. At the same time, Prime Minister St. Laurent in his cabinet, filled seven Liberal vacancies in the Senate and announced he will kick off the election campaign June 24th at Windsor.

The 71-year-old prime minister also told newspaper men at a press conference Friday after a daylong cabinet meeting, he expects to win the election and expects to stay at head of the government for "quite some time" but is not dealing with reports of a post-election retirement.

Mr. St. Laurent also rejected suggestions of possible tax cuts before the voting, saying his idea is that tax changes announced in the last federal budget will stand.

The cabinet changes saw the retirement of Works Minister Alphonse Fourrier, 60, of Hull-Que., who has been socialist doctrine no longer interest in the Commons since 1950 and who then.

Shower Held for Miss Ryley

Miss Ryley, daughter of Mr. and Mrs. Fred Nordwell, of Ryley was guest of honor at a shower given at the home of her parents, north of Tofield, at which Mrs. C. A. Gjerde and Mr. Gjerde were co-sponsors.

A social evening was given at the home of Mr. and Mrs. Gjerde, and on behalf of the ladies, neighbors and school children presented Mrs. Ryley with a lovely gift. Mrs. Ryley was very appreciative of the gift and the evening.

Miss Ryley is a member of the Ryley High School and is a very popular student. She is a member of the Ryley High School and is a very popular student.

"I'd like to say this to all Canadians..."

UNDER A Liberal government, Canadians have added every year to the national strength and national unity of Canada.
 We have had the greatest expansion of social welfare in our history.
 We have increased our employment, our production and our national income every year.
 We have had the greatest expansion of our primary and secondary industries—only an industrial revolution.
 Because of the outstanding contribution of the members of our Navy, Army and Air Force, we have been able to do our full share as partners and to keep Canada independent.
 We have reduced the national debt every year, and, in the last two years, repaid the interest on the national debt.
 Do we want all this for the sake of a change?
 For a change to a Parliament of national groups—a handful of Social Crediters from the Far West, a few Socialists from the Prairie, a few more Conservatives from Ontario or the Maritime provinces and some excellent Independents from Quebec?
 In such a Parliament without the leadership and responsibility of a united national party, how could the government help bring peace and harmony?
 Do we want a weak and divided government to deal with the formidable problems of the next few years? I ask you, is it really time for a change?
 We believe most Canadians want a government which encourages enterprise, promotes trade and fosters the expansion and development of our resources; and you know it as well as we do, that requires balanced budgets, paying off debts in progressive times and a tax structure which, while fair to all, is adequate to meet these demands.
For a Greater Canada—VOTE LIBERAL!

Members Win Trip To Toronto

For two consecutive years members of the local A-1 Club have won the trip to Toronto.

We first placed in the judging competition held at Oshawa to honor provincial winners.

Barrett Sutton and James Brown of the Tuxford A-1 Beef Club won the beef judging competition. Norma Wagner and Margaret Brown of the Roper A-1

[illegible]

The following appointments were confirmed: Maxine Atcham, R. G. Coglan, P. J. Barnaby, Audrey Davis, Doris Henderson, Mrs. Mary Jane Lewis, Mrs. Edith Webb, Mrs. Lou Strassberg.

Information was received that the Meistrone School District No. 15 had been transferred by long order, from the Kilham school division to the Camrose school division. The board made arrangements for the pupils of this district to attend the Rosend School.

play, action songs, recitations and a pantomime. Back children and parents enjoyed the program which was so after the program.

Special thanks go to the Women from Edmonson who helped conduct the school, along with Mr. Kna Iwason, Mr. Grace Phillips, Dorreen Lee and John Webb.

Ryley Local News Items

WAS IT ENOUGH?
 The town council is falling far behind in its duties, following the shooting of Wallace and Clark Wild Animal Circus in Topied on August 12. Everyone expects that the town council seems to think that the fifty dollars received for the rent of the grounds was very small. Before we believe that, let us see how much it is worth while to find out what other towns are receiving. If they are receiving more and we don't, then our council let us down. If that is the standard rate how can we charge more.

The people who are entitled to a long leasehold are the local residents who sold their neighbors to a den of thieves for a price.

We hope that these fellows have learned their lesson and not let themselves be taken in again by fast talking strangers. These men have to live in the same community as the citizens they helped, free and to us that would not be a very nice proposition.

When the contract was let no one had any way of knowing that Topied would receive the heaviest rain of the year the night before the circus was shot. We feel that that something should have immediately been done to find another location, least of all dig up the ball diamond.

However there might be a very good reason why this was not done, we don't know.

POLO SEASON IS HERE
 Polo season is with us again. Fortunately we in this district have largely escaped the ravages of this disease. We feel that that something should have immediately been done to find another location, least of all dig up the ball diamond.

Are We Overlooking The Sewer?

The discussion on the street corners by the engineers and the public goes on every day as the possibility of a water system gets better and better. There is however one point that is constantly overlooked, that of the sewer.

The statement has been made "I've got a good clean and my own water system. I don't need water." What about sewer?

At present the majority of the people of Tofield are drinking water from contaminated wells. We know of one well in town which is down hill and has three thousand all within fifty feet of it and two of which are on a higher level.

What Is The Cost?
The project will be paid for only by those who have it available by a frontage tax. The per front foot for water and sewer is \$4.00 per front foot for water and sewer. This is very comparable. In Red Deer, the frontage tax for sewer is based on 200 per foot and for water 250 per foot. Water rates are to be very reasonable. The frontage rate will be \$4.00 per front foot for water and sewer. This is very comparable. In Red Deer, the frontage tax for sewer is based on 200 per foot and for water 250 per foot. Water rates are to be very reasonable. The frontage rate will be \$4.00 per front foot for water and sewer.

NEW 6 Ft. ALLIS Harvesters

All Crop Harvester
MODEL "66"

For Home Harvesting on the Family Farm.
AIR BLAST SEPARATION

Conventional combine, because of its straight-through action, are unable to use the best of the grain. The ALLIS-CROP HARVESTER, however, has a curved action, which allows the grain to be separated from the straw by the action of the air blast.

Headless Straw Feeder - Seven More Grain.
Harvesting area has always been restricted to the ALLIS-CROP HARVESTER. The straw can be fed into the head and 21 inches wide, providing 24 square feet of harvesting area.

No other harvester can do so much for you.
Ready to go, complete with pick-up, \$1,410.00

Mr. and Mrs. Max May of Elk Point were overnight visitors at the home of Mr. and Mrs. J. C. Berg recently.

Mrs. C. Berg and Alice of Edinburg are spending a few days at the home of Mr. and Mrs. J. C. Berg.

Next Monday will be the second of another "open dance" at which everyone is cordially invited. It will commence at 8:00 p.m. and will, of course, take place in the hall.

\$65,000 WEEK IN STRIKE BENEFITS

—Central Press Canadian
union responsibility. The union will soon be
paying out \$65,000 a week in strike pay. Here

and for this miners L. Bossiers, left, and L. Gervaise HANCOCK
or accept other strike pay at the union office.

INDUSTRIES & LABOR

The ALBERTA CACOR ACT sets among the most progressive of Labor Legislation in Canada. Through extensive efforts of the Board of Industrial Relations in the Province of Alberta, the Act has been passed.

ALBERTA LABOR BENEFITS BY:

- 1. Reduced Work Week
- 2. Increased Minimum Wages
- 3. Increased Benefits Through the Workers' Compensation Act, Force and workmen may be brought under the benefits of the Act.
- 4. Safety Legislation of the Factories Act to reduce work accidents.

RESULTS: There is industrial peace in Alberta, and labor and management have co-operated, with confidence in each other and in the administration to produce an industrial harmony that has become a tradition.

GOVERNMENT OF THE PROVINCE OF ALBERTA

EDITORIAL PARADE

DO WE NEED WATER?

As everyone knows, our Town Council has brought forward a plan to install water and make our town completely modern. The by-law calls for an expenditure of \$71,000. The systems to be built will serve the majority of the town and, extensions will be added as soon as possible.

VOTE FOR THE BY-LAW

In this day and age citizens are not content to be without modern conveniences and if our town is to become a modern town, we must have water. Let us not go back 50 years and let us, indeed, progress, as an up and coming town second to none in Alberta.

Your property value increases, your health and the health of your family is improved by the installation of the water system; you have a modern town which will grow faster than ever; you provide more revenue for the town thus lowering taxes in general; and there are many more advantages which we will have if the by-law passes.

Let us show our self-interest and vote for the good of the Town. Don't be shortsighted and let the future of the Town be because you don't like where the Council is.

MARK YOUR BALLOT THUS:

FOR THE BY-LAW

AGAINST THE BY-LAW

WHO CAN VOTE

Property owners in the town of Tofield whose names appear on the tax rolls of the Town may vote on this by-law. A list of property owners may be seen at the office of the secretary-treasurer.

NOTICE TO ALL CATTLE OWNERS
HOLDING AUCTION SALES
The Auctioneer, David J. Smith, of the Ryley Community Centre, is holding a series of auction sales for cattle. The sales will be held on Saturday, November 16, at the Ryley Community Centre. The cattle are from the Ryley Community Centre and are being sold for the benefit of the Ryley Community Centre. The sales are open to all residents of Ryley and are a great opportunity for the community to come together and enjoy some friendly competition.

Ryley Couple Exchange Vows

Cheryl Ryley and her husband, Mr. Ryley, exchanged vows in a ceremony performed by Rev. W. Buchanan at the home of Mr. Ryley's parents, Mr. and Mrs. W. Buchanan, on Thursday, November 14, 1963. The ceremony was attended by Mr. and Mrs. Ryley's parents and several friends. The bride wore a white gown and the groom wore a tuxedo. The ceremony was a simple and beautiful one. The couple will reside at the home of Mr. and Mrs. Ryley's parents.

TO OUR PATRONS

The Good Earth

The M. A. CHURCH & SONS LTD. is now offering a special price on a large stock of fire insurance. This year with your insurance, you can have a large stock of fire insurance. This year with your insurance, you can have a large stock of fire insurance.

KEEP A FEW SHEETS OF DOUGLAS FIR PLYWOOD SHEATHING ON HAND

BE WISE! Be Prepared! For any farm building job, emergency repair job, large or small, use this handy, time-saving, all-purpose material. BECAUSE...

80 per cent less nails are needed than in ordinary sheathing and the nails you do use are smaller... faster to drive.

Cross-grain lamination makes Douglas Fir Plywood Sheathing splinterproof even when nailed close.

Each panel covers 32 square feet. Panel edges are straight and butt-together exactly. Douglas Fir Plywood is available at TOPIELD.

HOW THEY ARE WONDERING HOW TO KEEP IT

Wise Shoppers Save On Advertised Specials

Economy-minded shoppers know a sure way of stretching their budgets — they check the ADVERTISED SPECIALS every week! You'll profit too, by checking our paper for these specially-priced values featured by the community merchants. Read the ads... and SAVE!

If you're trying to cut down your food bill — and who isn't? — Watch for the terrific buys advertised by local grocers! Eat better for less — shop for specials!

Are you planning a purchase for home? Watch the ads! Do your children need toys? Check the ads! Your savings will mount up, and your budget stretched!

It pays to read the Tofield Mercury regularly! The merchants' advertisements... the Want-Ads spread the news of real money-savers every week. Be a wise shopper... play it smart... read the ads every week and watch for the low-priced specials. Save shopping time... and money!

ALBERTA'S INDUSTRIAL DEVELOPMENT

Employment and prosperity for the future result when industries promote Alberta's raw materials within the province.

THE ALBERTA RESEARCH COUNCIL conducts virtually important university research in the industrial field. The council is made up of experts with new mechanical and technical programs designed to aid industry.

PROSPECTY THROUGH INDUSTRY. Supporting Agriculture, which is the main economic base of the province, is a major concern of the council.

to this excellent record of industrial achievement we can add such new plants as Canadian Canoe Co. Ltd., producing canoes, aluminum boats and aluminum yachts; Canadian Industries Limited producing pulp, paper and rayon; and the refinery of Shell-Bonlac Ltd. for the recovery of kerosene, gas and petrol. Establishment of these and other plants indicate a bright industrial future for Alberta and new prosperity for its people.

You're Bound To Save Money When You Buy Meat In Wholesale Quantities

There are two ways about meat. One is to buy it in small quantities and pay the price of it. The other is to buy it in large quantities and pay the price of it. The difference is in the price. The price of meat in large quantities is lower than the price of meat in small quantities. This is because the price of meat in large quantities is based on the cost of the meat, while the price of meat in small quantities is based on the cost of the meat plus a profit. Therefore, if you buy meat in large quantities, you will save money.

If you buy meat in large quantities, you will save money. This is because the price of meat in large quantities is lower than the price of meat in small quantities. This is because the price of meat in large quantities is based on the cost of the meat, while the price of meat in small quantities is based on the cost of the meat plus a profit. Therefore, if you buy meat in large quantities, you will save money.

Join the millions of women who are buying their meat this way and you will save money. We'll be glad to help you pick out a beautiful side of beef. We'll cut and trim it for you, wrap it in plastic, and deliver it to your door. We'll also deliver it to your door at a special price. This is because we are a wholesale meat company. We buy meat in large quantities and sell it to you at a special price. This is because we are a wholesale meat company. We buy meat in large quantities and sell it to you at a special price.

LOCKER PATRONS PLEASE NOTE:
The processing plant will be closed to processing during the week of February 1-18 for the purpose of painting. Those wishing to bring in produce are requested to have it at the plant not later than Wednesday, January 21st. Your cooperation will be appreciated.

Curling Spiel To Open February 16

The date for the annual Tofield Curling Spiel will be held on Friday, February 16, at the Tofield Curling Club. The event will be open to all curlers and is a great opportunity to enjoy the sport and meet old friends.

Building Permits Total \$127,000 For Last Year

An official report by the City of Tofield shows that the total value of building permits issued for the last year was \$127,000. This is a significant increase from the previous year and indicates a strong building industry in the area.

Sign Of Spring?

It is a sign of spring or is it? The weather has been quite warm lately, and the snow has melted in many places. This is a good sign that spring is on its way, and it is a relief after the long winter.

authorized as second class mail Post Office Dept., Ottawa

CLIFF PATTERSON: Editor and Publisher

to the Farm Outlook published by the State College of Washington will be interesting to the owners of the land.

For 1964 it is expected to be a year for high. Hydro- through most of the year will be less than in 1963 and the will be favorable. There is some weakening in prices early February which may cause a slight rise in prices which a rise will appear

her. The Farm Outlook says the favorable profits will likely be an increase in the price of wheat. The outlook for the spring of 1965 and greater increase by late 1965.

In regard to U.S. cattle prices the Farm Outlook predicts a decline appears unlikely for the spring due to the fact that the outlook for the cattle market is not as good as the outlook for the sheep. The outlook for the year ends at the same time as the year ends. The outlook for the year ends at the same time as the year ends.

SPECIAL NOTICE

The telephone rates of the Beaverlake Mutual Telephone Company have been set at \$20.00 per annum if paid on or before March 1st, 1954. Otherwise monthly rental will be \$2.10 per phone per month.

NOTICE TO RATEPAYERS

A caveat will be filed on April 1, 1954, on all parcels of land on which there are more than one years arrears of taxes due and which are not already subject to a caveat.

Payment should reach this office prior to March 25, 1954, on which date the arrears list will be forwarded to the land titles office, in order to avoid payment of caveat costs.

The Secretary-Treasurer
Municipal District of Beaver No. 78
Ryley, Alberta.

Buy an OLIVER Diesel and ...

Let Us Buy Half Your Fuel

THERE'S AN OFFER FOR YOU! BUY A NEW OLIVER DIESEL WHEEL TRACTOR, AND WE'LL PAY HALF THE TRACTOR'S FUEL BILLS FOR SIX STRAIGHT MONTHS OF WORK ON YOUR FARM. ANY SIX MONTHS YOU SAY, EVEN YOUR HEAVIEST WORK PERIOD. JUST BRING IN A COMPLETED RECORD BOOK WHICH WE SUPPLY YOU TO SHOW WHAT YOU SPENT. WE'LL GIVE YOU A CHECK FOR HALF THE FULL AMOUNT.

Simple to Run, Cheap to Maintain

You won't spend any more time or money in keeping up your OLIVER DIESEL than you would with a gasoline tractor. OLIVER DIESEL is simple to run, simple to maintain, no play, fewer moving parts. Servicing is easy.

You can have any size you want - TWO-PLow, THREE-PLow, FOUR-PLow, FIVE-PLow - with all the features that go with OLIVER Tractors. Now is the time to get your diesel, now while this offer stands.

OUR COMMUNITY

General speaking, the measure of success attained in any given field depends upon the effort that goes into it. In the building of our community the same principle holds true. What we will amount to and, in turn, what we can expect of it; depends largely on what we are willing to put into it.

Naturally, the degree of interest one has in the community varies with the individual and is influenced by such factors as one's occupation, how well he is established, how long he expects to stay here. The community is comprised of various fields but, of these, it is our concern ourselves with that of business for the moment. To us, our town can be our main shopping centre or it can be a place where we shop only occasionally and out of necessity.

Naturally, as consumers, we are interested in buying as cheaply as possible. Many things enter into the cost of an article but let's consider two important ones - turnover and selling for cash.

What should our objective be, to drive beyond our income, ahead of or behind it? At times it becomes a matter of choice.

Y. Bates

Letter To The Editor

The Editor,
The Topfield Mercury,
Topfield, Alberta.

On behalf of the members of the Topfield Community Association, I am writing to you to express our appreciation for the excellent work you have done in the past year. We are sure that you will continue to do so in the future.

Sincerely,
The Topfield Community Association

Fire Precaution

The great fire season is on us early this year, probably earlier than most. Realize this: We will have a fire on our property in the next few days. It is a fact. It is a fact. It is a fact.

There is an old saying: "It was the last straw that broke the camel's back." We are wondering how many farmers are getting to that last straw as taxes are concerned.

The burning of garbage is a necessary chore but it is a fire hazard. Blowing just like the precaution of watching for a few minutes so that when a spark ignites dry grass you are there to control it or extinguish it which ever is advisable.

If you are interested in burning grass where there is a possibility of getting away, consult the Fire Department, for they would rather stand by at a convenient time rather than make a fast dash to a fire.

"An ounce of prevention is worth a pound of cure."

MEMO TO HOME

FREEZER OWNERS

YOU MUST BE DOUBLY SURE THAT FOOD TO BE STORED IN YOUR HOME FREEZER IS FIRST PROPERLY FROZEN.

Experts agree that to get the best results from frozen foods, all foods must be quickly frozen first at sub-zero temperatures. This is necessary to prevent breaking down the delicate cell structures and causing loss of flavor and freshness.

Freeze safe with your home freezer, bring them to your modern plant for proper freezing, before you store them in your home freezer. We have facilities for freezing large quantities of food over night. Stop in next time you get a chance, and we'll show you how we work with other folks who have home freezers.

BUY YOUR FROZEN FOODS BY THE CASE.

.

TOWN OF TOFIELD

Application For Service Connections

Applications will be received at the Town Office for installation of Service Connections for water and Sewer Service. It is estimated that \$75.00 will be required to provide for the pipe and sewer line runs from the property line to within three feet of the building in which the service is to be installed. A deposit of \$25.00 will be required to be made with the signing of the application, with the remainder paid into the Town Office before the service connections are commenced.

Speaking Of Sport
Last Friday evening Graham Allan, manager of the local Junior baseball club went to Camrose for a meeting with representatives from Wetaskiwin, Camrose and Killam. The meeting was for the purpose of forming a Junior Baseball League among these towns. The managers of the other clubs expressed themselves as being willing to go more than half-way to make it possible for Tofield to enter the league. The result of the meeting was that Tofield Junior now find themselves in two leagues. The newly formed Central Alberta Junior Baseball League and the local Powerline League which they had already joined. The boys don't seem to mind as they can play lots of ball this year.

Service Board Holds Meeting
The regular meeting of the Service Board of the Tofield Junior Baseball League was held on Thursday, April 27. Mr. R. M. Smith, new league representative, was introduced to the members of the board.

Trade Your Old Tractor
A tractor was received from G. B. Bartlett, representative of the Tofield Junior Baseball League. The tractor was a 1940 Ford Model A, 1940 Chevrolet 1/2-ton truck, 1940 Dodge Sedan.
